<i>Customized Services, Reports, and Electronic Data Files</i>	<i>Price</i>
<p>An order for electronic data on compact disc (CD) includes two files: 1) the complete student scores and demographic data in a text format, and 2) the <i>College BASE Data Viewer</i>, designed for searching and sorting Missouri teacher education data by student.</p> <p>The text file contains demographic information and student scores for all subjects, clusters, and skills. The <i>College BASE Data Viewer</i> contains information specific to Missouri teacher education requirements. The <i>Data Viewer</i> provides English, writing, math, science, and social studies scores for each student testing in the current administration, plus scores from those students' previous attempts. Data may be downloaded to a mainframe or personal computer from either the text file or the <i>Data Viewer</i></p> <p>Additional charges apply when electronic files are ordered after exams have been processed and when data is requested for multiple administrations. Call the <i>College BASE</i> coordinator at 800.366.8232 for information on additional charges.</p>	<p>\$60.00 per administration</p> <p>\$170.00 for multiple administrations</p>
<p>An Institutional Summary by Major provides scores for populations of students by major field of study. The institution develops a list of majors with code numbers. Students indicate the code number for their major field in the answer booklet. Please include list of majors when ordering scoring services.</p>	<p>\$300.00</p>
<p>Other Institutional Summaries provide scores for specific populations of students, broken out by ethnicity, gender, and year in school. Institutions can utilize optional research questions in the <i>College BASE</i> answer booklet to designate other specific groups of students to receive special summaries of group performance. Specify the type of breakout report(s) requested when ordering scoring.</p>	<p>\$125.00</p>
<p>Comparative/comparable reports compare students' performance on the criteria measured by <i>College BASE</i> against the performance of students at other institutions of any type (e.g., two-year schools, Carnegie-designated Mas I institutions). This custom report uses the same format as the institutional summary score report which institutions receive for each administration. Specify on order form type of institutions for comparison.</p>	<p>\$300.00</p>
<p>The Item Analysis provides data to an institution on performance of each test item for a specific administration or a series of administrations.</p>	<p>\$60.00</p>
<p>Extra copies of Institutional Summary Report</p>	<p>\$5.00 each</p>
<p>Extra copies of Student Score Reports</p>	<p>\$.50 each</p>
<p>Frequency Score Reports</p>	<p>\$35.00</p>
<p>Institutions using <i>College BASE</i> for both teacher education and for campus-wide general education assessment may request transfers of data from the teacher education database to the campus assessment database. Call the <i>College BASE</i> coordinator for more information.</p>	<p>\$50.00 + \$3.00 per student record</p>
